

# FIRE ADAPTED NM SPRING WEBINAR OPPORTUNITIES!

Join us to learn about different fire preparedness programs and assistance opportunities!

**Friday, 29 March 2024, 12:00pm MDT**

## What is the Community Navigators Program?

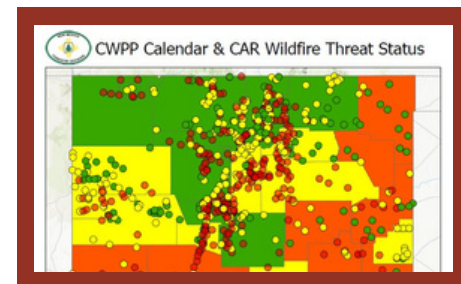

How can historically underserved communities increase their capacity to move toward fire and climate resiliency? Join us to learn about the Community Navigators Program, a national initiative with local leadership working to provide grant writing assistance, mentorship, and support to underserved, at-risk, and low-income communities in the Southwest.

**Tuesday, 16 April 2024, 12:00pm MDT**

## Community Wildfire Protection Plans

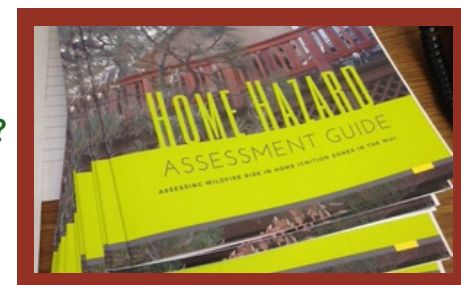

Community Wildfire Protection Plans are written to guide a County, City, or Community's fire preparation actions. This presentation will re-introduce the basics and importance of CWPPs and cover guidelines, best practices, and how to plan for equity and inclusivity. Join us to learn more and find resources to help with writing your next CWPP update or draft.

**Wednesday, 22 May 2024, 1:00pm MDT**

## Home Hazard Assessments: Back to Basics

You've heard of Home Hazard Assessments, but how much do you really know? This presentation will cover different tools available to complete HHAs, how to partner with local organizations who can assist with the process, how various Assessment programs are structured, why county ordinances and insurance providers may require HHAs, and what opportunities may open up as a result of completing them.

Register to attend the webinars via Zoom or tune in on the FACNM YouTube page
